Napco Access Control Seminar:

Free 1-Day Seminar @ Security Products

6291 Busch Boulevard, Columbus, OH 43229

Thursday, January 28, 9am to 4pm

Put Napco Access Control Systems (NAX) to work for you!

Learn to use Napco Access Systems: Scalable feature-rich access control systems, starting as simply as a 2-door access system in a box, easily expandable and scalable up to 128 doors.

Use as standalone access systems with HID or GEM-PX cards and readers or integrate seamlessly with Napco Gemini Alarm Systems. Full line includes AccessPro Software, NAX200X Controllers, 16 Input/Output Expansion Unit, serial or LAN communications, Badger Video Bading (option).

Easy for security professionals to deploy & install; easy for endusers to use and low-maintenance costs, too.

Free Pizza lunch served at noon.
